

Lessons from the Book of Jonah

By: Ayad Azer

Important things we can learn from the book of Jonah:

1. God takes care of everyone; those who believe in him and those who do not believe in him. The righteous and the wicked; all beings, because He is the creator of all.
2. God takes care of everyone because he is merciful and not because we deserve His care. God's care does not change with man's change, but He takes care of everyone in different ways according to each one's needs.
3. God's care is aimed at the salvation of man, because He wants everyone to be saved and to accept the way of righteousness.
4. God takes care of all the spiritual, social and economic needs of man. He cares about the needs of the soul and the body, because He is the creator of the soul and He is the creator of the body.
5. We need to take the example from God and take care of each others' needs.
